

## **Application Guide**

1. Use a pair of scissors to cut the blister along the dotted line. Then pull the lid away. Remove the applicator from the packaging and hold it upright

- **2.** To apply pull back the plunger slightly
  - 3. Remove cap

**4.** Place the tip of the applicator on the skin and apply the contents directly on the skin in one spot, on the middle of the neck between the base of the skull and the shoulder blades
