WILD CAT FACT

The Rusty Spotted Cat is one of the smallest members of the cat family. It has until recently only been recorded in India and Sri Lanka but now also has been discovered in Nepal.

Why don't cats play poker in the jungle?

Too many cheetahs!

SUPPORT US

There are a number of ways you can support our branch. Including: (Please click on each for more information)

- [Donate by text](#)
- [Donating cat food and toys](#)
- [Fundraising events](#)
- [Amazon Wishlist](#)

[Also, by popular demand our catnip sausages are now available to purchase on Ebay.](#)

All funds received from selling our fabric catnip sausages will go to help the cats and kittens in our care.
