

Nepal Trek and Tiger Conservation Experience

5-18 November 2022

Trip Overview

You will fly from London on an indirect overnight flight to Kathmandu, the capital of Nepal where you will enjoy a welcome dinner and a good rest at a central hotel. The next day you transfer to the picturesque lakeside town of Pokhara from where your challenge begins.

Starting in nearby Nayapul you will commence a five-day trek in the stunning Annapurna area of Nepal where you will discover the local culture while enjoying views of the snowy peaks of the Annapurnas; a highlight will be the panoramic sunrise views which unfold from Poon Hill (3400m), the highest point on the trek. Staying in quaint locally-owned teahouses during the trek is also a fantastic opportunity to experience the incredible hospitality of the local people.

After completing your trek you will transfer to the famous Bardia National Park in the south of the country, reputed to be the best place in Nepal for potential tiger sightings. You will stay here for four nights taking part in a variety of activities including a minimum of three jeep safaris, talks from park officials, and even a chance to engage in a tiger awareness programme with the local community.

After completing your activities you will take a short domestic flight to Kathmandu and enjoy a farewell dinner and final night in Nepal before your flight home the next day.

Trek details

How tough is the trekking?

This trek is graded *challenging* because of the combination of long days trekking over varying terrain (including some days where you will trek uphill all day), the changeable climate and the basic conditions at the teahouse accommodation. Each day's trek is between 5 and 8 hours in duration (variable depending on group pace).

What is the terrain like?

The first two days you will gain altitude so you will spend more time going uphill. On day three you will spend the morning ascending and the afternoon descending, and the final two days will be descending. It is essential that your training includes plenty of hillwalking and trekking up gradients over consecutive days in order to condition your muscles to this type of exertion. Underfoot you will find stony trails, muddy forest floors, rocky steps or scree slopes. In some places it will be very dusty (bring a 'Buff' to cover your nose/mouth). There are some suspension bridges to cross.

Altitude

You will slowly ascend to an altitude of 2800m, then trek to the highest point on the trek at 3400m (Poon Hill) where you will spend a short period of time before descending back to 2800m. Despite 3400m being within the agreed threshold for high altitude (3000m+), your time at this altitude is very limited so you are unlikely to feel symptoms of altitude exposure. Your local guides are experienced in spotting altitude related symptoms but please speak up if you are concerned about how you feel.

Support during the trip

Who accompanies us?

You will be accompanied throughout the trek by English-speaking local Sherpa guides who have an excellent knowledge of hiking in the region. The guides are first aid trained and will support you throughout your journey, sharing their experience and wisdom with you. You will also be supported by a team of assistant guides and a Different Travel UK tour manager. Your luggage is carried by a team of local porters.

Where will we stay?

You will stay at hotels in Kathmandu (2 nights) and Pokhara (2 nights) which have en-suite facilities; tea houses with shared bathroom facilities during the trek (4 nights); and a basic guesthouse or tents in Bardia National Park (4 nights).

What about meals?

All your meals are included, as specified on the itinerary. During the trek the food is plentiful although the teahouses tend to offer similar menus so be prepared for a menu which is repeated. There will also be plenty of snacks and drinks available to purchase at each teahouse (prices vary). In tourist areas of Kathmandu you will find a wide range of restaurants catering for international and high-quality Nepalese food.

Being part of the experience

Who can join this trip?

An ideal candidate for the trek would be someone who enjoys trekking and being out of their comfort zone; is interested in different cultures and is willing to train for the challenge. The minimum age is 18, although 16-17 year olds may register if accompanied by a parent or legal guardian.

If you declare any medical conditions you may be asked to provide more information, or we may request to contact your GP. If this happens your deposit will be refunded. Please note that we will never unreasonably deny participation on a trip nor contravene the Equality Act 2010.
